**America's Collapse Will Be Just A Few Weeks Past The Euro's Collapse** *"Greece will be out. Italy, Spain and Portugal aren't far behind and when the Euro goes America goes it won't be more than a few weeks behind it, if that."* [Found here](#)

**The European Countries Decide To Leave And Go On Their Own, The Yuan Presses Towards The World Currency, When The Euro Tanks, The US Economic System Follows Just Weeks Afterwards**

*"What you see in the headlines is not really what is going on. As if you are surprised by that. What they do is created a headline that will temporarily calm the panic and try to keep things going to a more unified European community and not panic world investors. So, you don't have the US, China, Japan and Brazil pulling out. While that is going on you have China building it's own economic structure where the yuan is going to be predominate. A yuan backed by gold. They are hoarding gold like crazy in order to back the yuan by gold. As soon as they do that they are going to insist that the yuan be the world currency. It's not there yet, but that's what they are working on. Concerning Europe is doing there thing, Asian countries doing it's thing along w/Brazil. Then you have the US all by itself. What will end up happening is Europe will condense. Europe will have fewer countries with the European Union. Fewer Mediterranean countries. What you find is a consolidation of the old Europe. That old Europe will make more stringent if you want to belong to it's community. They will tell you what to do financially, you will lose a portion of your sovereignty in order to belong to their community. In doing so, we will guarantee your financial success. You see many Mediterranean countries leaving the community and try to make it on their own in the world market. Greece will be the first one to jettison. The European community is going to go down. They are propping it up as long as they can, once one prop breaks the rest will suddenly break. It will then reveal the weakness of the US economic system. Our banks will follow shortly after that happens within weeks, certainly not more than a couple of months."*

**The Euro Is Going To Have Another Currency, Countries Will Opt Out Of The Euro** *"The euro is going to evolve into another currency. There are things going on right now to provoke that to happen. There is corruption that is going to be exposed in the banking system in a couple of European countries. I'm strictly going on what the Lord has shown. I believe the turmoil could come across the Atlantic to the US. I believe there are countries that will opt out of being in the European market like a last day scenario of biblically prophetic centric this will cause damage to struggling economies. The situation worse than Lehman Bros. George Soros, via NY Times says that this (Euro) has the potential for being a lot worse than Lehman Bros. Siting the lack of an authoritative pan-European body to handle a banking crisis of this severity. The Lord spoke to me about a "true community."* [Seen here](#)

**When The Euro Begins Its Collapse, The US Stock Market Will Collapse, and Then Transform** *"I'm not a stock picker at all. I know what God tells me & what he doesn't tell me. I know this from the Lord, there are those trying to keep the stock market propped up every way possible. Not allowing it to rise too much or fall too much, that's their efforts. But when the Euro*

begins it's collapse or it's demise. I have to be careful when I say this but, I didn't see it totally disappear, I saw it transform. It collapsed & then transform." [Found here](#)

**Funds Will Dry Up While Obama Is In Office- Do what you need to do before the money is no longer available**

In this [video](#), he explains that funds will dry up in Obama's term

"I had a dream, where I was in a congressman's body. I don't know what congressman, I was looking from his eyes. They were on the golf course, and president Obama came up to the congressman and said *"funds are about to dry up, and will be very hard to get. You need to do what you are going to do very soon, because the funds will not be available shortly"*. From there, I left there and the next scene I am inside a bank. I am friends with this man, but I don't know who he is. This friend says I am getting ready to work in my family because funds are drying up in the bank. The scene changes and I walk back into the bank and when I walked back in, I notice there is only 1 teller, and about 20 teller positions in the bank but 1 teller. I look and there is not several loan officers, but 1 loan officer in the bank. I walk up to the man and say "how's it going", "well, we are not too busy, and that is good, and the bad news is we are not too busy", and so....And then he said, "funds are drying up and you better do what you need to do while you can because the money will not be available shortly"

The meaning of this dream was explained by John Paul:

He says there is an economic crisis coming to America, and what ever policies are being made by our government, it will happen during Obama's term. John Paul goes on to say to make sure your debts are paid off so you won't have to depend on the bank. Any expansions should be done, but don't do it by going into debt. Times are changing, and it is not time to go into additional debt. God showed John Paul gold coins and says that if you want to preserve your wealth, the gold will preserve your wealth.

**A Tsunami Will Hit The East and West Coast Lines From An Unusual Event-** *"I saw one of the things that I talked about was a tsunami. It was going to hit both coasts. One was going to hit the east coast, and one was going to hit the west coast. I talked a little bit about that, and so, no I don't know anything about timing, I do know that there is one coming from an unusual*

event, which I probably shouldn't have said that, but there is one coming. What I saw hit New York City, and I am not sure how far down the east coast it came, so I am not sure if it hits the Myrtle Beach area, or not, I just saw it hit New York City and somewhere south of there, and north of there was hit. And then I saw one coming to the west coast, and hitting LA, and several of the buildings that were 7 to 10 stories tall were under water " [From this video](#)

**The New Russian Ruler, DNA Link to Persian Empire** "A new czar-like ruler is coming to Russia, but it isn't Putin and it isn't Medvedev. This man is much more cunning and will set things in place so that Putin and Medvedev will take increasing verbal shots at each other. (This guy was smooth & had something on everybody & knew how to use it.) One will replace the other for a short while, which will result in both Putin and Medvedev losing favor with the Russian people and set the stage for one who wants to establish and revive an ancient empire. (It is not the new leader who will do this.) This empire will be intent upon controlling the Black Sea and the Mediterranean Sea as a means of broadening Russia's economic base and will join forces with Arab countries to accomplish this. Russia will continue and secretly escalate the funding of arms and missiles of varying types to Iran and other Islamic countries. Eventually, Russia and these Islamic nations will form an alliance. A DNA link between the Russian people and an old Persian empire will be discovered, and it will aid the formation of this ideological rather than theological alliance. In years to come, this Russian and pseudo-Islamic alliance will come together as a formidable front, each side thinking it will overcome the other after it has achieved the desired result. (Watch as more Islamic men join the Russian Army.)" [Found here](#)

**Islamic Aggression In The US Would Start In The School System** “The Islamic community is going to continue to make inroads into the political arenas. They’ve got a multiplication project that is designed specifically on their part. It’s a hundred-year plan. At least that’s what the Lord showed me, a hundred-year plan that they have that, and I’m not say that it’s going to be hundred years before the Lord comes back. They want to have congressmen and senators in place so that they can have Supreme Court judges implement more Islamic law into the US. Islamic prayer would be allowed and Christian prayer would not be allowed. When I saw it, I thought surely not. **“Gold Will Go Up To Nearly \$2,000 an ounce, and then it will plummet”**- John Paul on [Jim Bakker Show](#)

*(John Paul commenting on the rise and fall of markets)* “There is manipulation in that market, manipulation that takes place to transfer wealth, and so I told people for years, I have told them.... **look, gold is going up, but if you are going to buy gold, be prepared to hold it because it is going to take a dramatic drop**, and it will drop well below \$1000, an ounce, and it will get up to nearly \$2,000 dollars an ounce,.....” – John Paul on [Jim Bakker Show](#)

*“Yes. Silver will go up, as well. I didn’t say above \$2,000. I did say gold would eventually go to \$2,000, in fact far beyond that. I did say there would be a plunge of gold. I want to make it very, very clear that I’ve said on these broadcasts, as well as other recordings and videos that gold is going to go over \$2,000 & it will. It got up to \$1998, so close to that but it will go beyond that. Also, I said that before it happens or before it goes to it’s ultimate price, which is way beyond \$2,000 it will plunge first. Are we in that plunge now? I don’t know, I try to say what the Lord shows me.”* [Found here](#)

*“I saw that it was approaching \$2000 per ounce & it could go higher. I actually doubt that it will go higher. I think it will stay about the same as the stock market is. The stock market will be propped up and gold may trend lower at some point gold is going to dramatically drop & then it will skyrocket past \$2000. The question is who will own it if skyrockets past \$2000. I don’t have the answer for that. I do know it’s going to plunge the Lord told me it goes up to \$2000 range & dramatically drops. It’s that drop, and it’s seesaws back and forth for 6 months or so and **appears like the Lord was wrong so I really want to convey what the Lord gave me & that is when it starts dropping that it would dramatically drop & I’ll have to it at that.** I’m trying to keep the integrity of the word the Lord gave stays intact and not make it more than he said.”* [Found here](#)

**Not All The Areas Of The United States Will Be Affected** – “I DON’T THINK WE SHOULD HOARD FOOD. I DON’T THINK YOU SHOULD STORE UP A LOT OF FOOD FOR YOURSELF. IF YOU ARE GOING TO STORE UP A LOT OF FOOD I THINK YOU NEED TO DO IT WITH THE IDEA OF HELPING OTHERS WITH THAT FOOD. AND I DON’T

THINK THAT EVERY PLACE IN THE UNITED STATES IS GOING TO BE AFFECTED SIMULTANEOUSLY WITH ALL FIVE OF THESE ISSUES. THERE MAY BE ONE OR TWO PLACES THAT ARE. THERE MAY BE ONE OR TWO PLACES THAT ONLY HAVE ONE. MAYBE TWO THINGS THAT HAPPEN TO THEM. SO IT'S NOT NEARLY AS BAD IN ONE AREA AS IT IS IN ANOTHER. FOR EXAMPLE, IN SCRIPTURE, THE LORD SAYS I MAKE IT RAIN ON ONE CITY AND WITHHOLD RAIN FROM THE VERY NEXT CITY. SO GOD DETERMINES HOW ALL THIS IS GOING TO WORK OUT. GOD DETERMINES WHETHER HE FINDS A PEOPLE THAT ARE SEEKING HIM AND ARE CALLING ON HIS NAME AND HE KNOWS WHAT TO DO WITH THAT. WE HAVE TO BE MOTIVATED BY TRUSTING GOD, RETURNING TO GOD AND BELIEVING THAT HE PUT US HERE FOR A PURPOSE." [Found here](#)

I watched the high speed train go by, I watched the mountain. There will be given three warnings and it is about to happen. Mt Fuji when I declared this was a dead volcano, now they say a dormant volcano, and now with the recent earthquake, that just happened in Japan, I will say that there is activity going on under neath the volcano, and there is earthquake activity underneath Mt Fuji. I was given three warnings. The warnings will be three different plumes of smoke, steam will will come out of that volcano, or the sides of the volcano before the volcano will erupt. After the third one, then it will erupt. So there are three signs that the Japanese people will be given before the eruption takes place"* – [Joni Table Talk- here](#)

**Riots Are Coming To The United States , Martial Law Declared In Six Cities** – “riots in the streets are coming, and if we are not careful, shortly after the next election, the anger will mount so much that we will end up having martial law declared. There are six cities in the United States, and there may be more than 6, but I have seen 6 cities in the United States where martial law was declared. Lots of life (killing) was taking place. **So you see Detroit, you see Los Angeles, you see New York, you see Atlanta, you see here in Dallas, surprisingly, and then there is one other mystery city that I saw but I don't know the name of the city**”

**Prepare For Your Area:** “There are some difficult things coming. There really are, in the United States, there really are. There is no way to prepare individually as far as, do I store water, do I store food. What do I do? Every place is going to be different. What happens in Tuscaloosa isn't going to be what happens in Knoxville. What happens in Knoxville won't be what happens in Denver. What happens in Denver isn't going to be what happens in Fargo. Each individual place is going to have the issues that God chooses to get the attention of the people to seek Him”

**Now Is The Time To Get Serious With God:** *"The key is you will need to get in a right relationship with God. If you are close to God and you will hear what He has to say. We all need to get closer to God to hear what He has to say. "This is not a time for fear, this is not a time for sorrow. This really, really is a time for those who know their God to do great exploits. Trust Him, believe in Him, live for Him, draw close to Him and you're going to find He'll draw close to you. It never fails. Don't make God too small, you can never make Him too big."*

**The New Madrid Earthquake** *"I have a little insight from the Lord on it. Basically, it's this, the earth is in pain, and is suffering futility & this is a warning salvo of that which is to come. There really is coming a major earthquake on the New Madrid faultline. It is really going to happen. In fact, I saw a headline just a while back. From Blythe, AZ (CA) to Blytheville, AR on an article I got a glimpse of." [Found here](#)*

**When we see the IS Monument Tilting, We Know China Will Turn Aggressively Towards The United States** *"When that happened I shook & I shook for a reason, here's why. On April 29, 1985, I had a dream, I won't go into it, the dream is way too long. But in it, I was told this, when you see the Washington Monument tilting you will know what I am about to tell you is close. The angel told me when I see the Washington monument tilting, China will begin to turn aggressively against the US. They will become throne-like in our side. They will begin a purposeful plan of the destruction of the US and there will be other signs in DC of this coming. But before this happens you will go to China. Now, this was April 29, 1985. I did not go to China till April 29, 2011. 26 years to the day. I had no where to see that. I did not remember this dream till the earthquake that happened about a month ago. Suddenly, that dream floods back to me these signs on the monument. The monument one day will tilt & it will be a sin of imminent aggression of China against the US. I was to go to China before this would happen & I went to China 26 years to the day without knowing it. I didn't plan on it but 26 years later to the day from that time I went to China for the 1st time. And then Washington has the earthquake that cracked the monument. There will be other signs & things that will happen." [Found here](#)*

**No Absolutes In The Church-** *"I saw a growing time where the Church failed to realize the absolutes of God. They began to diminish the Word. And so there was no absolute way to get to God. And then there became no absolute one God. So then, it ended up being more of a polytheistic view of God or many types of God. And each one of us have our God... I saw horrible, horrible immorality in the church. It is so vile. It is so ugly"*

**Gods Glory Shows Up In Times Of Trouble -***"The Bible talks about a time of Jacob's trouble, a time of incredible hardships, incredible difficulties. But a lot of people don't look at what the Lord said about the Jacob generation. The generation that's going to see that trouble, is also going to see His glory. For in Psalms 24, it talks about the glory of God that's going to come in. Who is this king of glory? That is the chapter that asks that incredible question. And it talks about what is going to happen. "He who ascends to the mountain the Lord with clean hands and a pure heart has not lifted up his soul to vanity." These type of people are going to see incredible things of God. And what I saw, was I saw the glory of God invading His church again. I saw the glory of God invading homes again. I saw the glory of God invading places of worship. The glory of God, what I saw was like it was thick, it was honey-like, it was like you see on the road.*

*On a hot day, you look down the road and you'll see a shimmering on the highway. Well this happened in the churches that I saw and the places where the Lord came down. There was a shimmering like a cylinder, a large cylinder, and varying sizes of cylinders of this shimmering, honey-colored, ambersque-colored light. But it was very thick. It was thicker than what you thought. When you got into it, you found it very difficult to move, not because you were paralyzed, but because of the thickness of the presence of the Lord. And whoever entered, Sid, anybody who walked into that glory was healed. Anybody. Anybody. I watched people; I watched mothers and fathers cry out for their children in that cylinder of glory, in the glory of God. I watched them cry out. And before they were done praying, the children ran into the sanctuary, ran into the place of worship, ran into the home declaring that they had been touched by God, and they were giving their life to Yeshua, and giving their life to the Messiah who they had now seen" [Found here](#)*

**Multiplication Of Food Resources-** *"I saw multiplication of food. I saw where there's no food on tables, people, this Jacob generation would close their eyes and pray, and they would hold hands in unity, and while they were praying, food would be put into the pots that were the table. They took the lids off the pots, and there was the food, and they delivered and dished out the food to the people who were 9 praying there. And this didn't happen at once. And this didn't happen at one location. It was multiple, multiple locations. God is drawing us back to a purity of relationship with Him through Jesus. Malachi 3 passage. It says, "And there's a clear distinction between those who know God and those who don't know their God." We're going to see a clear separation, a clear distinction. [Found here](#)*

**Jet Streams Will Change The Weather Patterns** *"There will be very unusual weather patterns. Jet streams would shift and there would be unusual weather patterns so that everything would be in the record. So you have the record rain, you have record storms, you have record heat, you have record cold. So we have California who went through the coldest summer in their history. You have Moscow who went through the hottest summer in their history. And so you're having extremes everywhere on earth. You're having extremes. You're having Pakistan having over six weeks of flooding from rains that won't seem to leave the area." [Found here](#)*

**Water Shortage A Major Issue, Water Becomes Undrinkable** *"I know water shortage was one of those things, water shortage is going to be a major, major issue. And I'm glad that—for example, there is a lot of stuff that hit the northeast. They are going to need that water aquifer replenished. There is a lot of snow that hit the Dallas/Fort Worth area. We are going to need that water aquifer replenished. God has already started to meet the need of the people before the need arises. So, now we understand all these climatic things that are so unusual. I mean, you know we have warm weather and then we have snow here in Dallas. I was up in Canada last fall and I said,*
