

leading our nation to destruction. We allow the Federal Reserve to keep us in slavery and the bondage of out of control debt. I've heard nothing from President elect Trump about abolishing the Federal Reserve. We consider ourselves the wealthiest country in the world, and yet we are a debtor nation. America is worse than broke. As a nation, we are in such debt that we cannot recover from our debt. The US debt clock is staggering at well over \$19T. The bible speaks clearly about debt. Read Romans 13:8. The American phony financial bubble is about to burst, and when it does, our money will be so inflated it will be worth little.

America used to feed the world. Some American food producers have sold in recent years to foreign countries. For instance, the largest hog farmer and pork producer in the world is Smithfield Foods, based in Virginia. In September 2013 China's biggest meat processor, Shuanghui International Holdings, purchased Smithfield Food's pork company, paying a staggering \$7.1 billion. To date that is the largest ever Chinese acquisition of any American company. The reason reported behind Shuanghui's acquisition of Smithfield Pork was to secure a food supply of pork to feed China's rising demand of pork. In Colorado, where my husband and I live, there is a huge beef packing house, JBS, about 40 miles from us. "JBS USA Holdings, Inc. is an American food processing company and a wholly owned subsidiary of JBS S.A. (BM&F Bivesoa: JBSS#), a Brazilian company that is the world's largest processor of fresh beef and pork..." Just from the Colorado JBS packing house each day 3.3 million pounds of beef are processed and made ready for grocery stores and restaurants. Some US beef feedlots are now Brazilian owned. The US no longer solely controls its pork or its beef industry as it historically has. ***The Wall Street Journal*** wrote an article on September 17, 2009 that Brazil's JBS purchased a majority stake in Pilgrim's Pride for \$800M. Pilgrim's Pride is the 2nd largest chicken producer in the US, and was in bankruptcy. The sale of 68% of Pilgrim's Pride to JBS allowed the company to emerge from bankruptcy protection. Just in the past few years, China and Brazil have come to control a large portion of America's beef, pork and poultry industry. In our nation's history we have never before had foreign countries control as much of our pork, beef, and chicken industry as they do at this time. In future times of shortages, what will all of this mean? G-d has warned me that in the not too distant future we will see food shortages in the United States that could never have been imagined before. When understanding the ramifications that huge amounts of US pork, beef, and poultry producers and processors in the US, are now owned by foreign countries, it is sobering.

G-d has told me to warn His people living in the US that famine, both of the Word of G-d, and a famine of not enough food to eat, is surely coming soon to America, and it's going to be severe. He also showed me that much of the food that Americans will have in the near future will not be safe to eat for more than one reason. In a vision from the Lord, I saw foods that were beautiful to look at, but unsafe to consume. I saw recalls for foods in multiple categories, for multiple reasons. There will be confusion on which foods are safe, and which foods are unsafe to eat, since by looking at the food, they all looked safe. Some areas in the US will have little food at all. G-d took me in the spirit above several states in the United States and I saw crop devastations. In Kansas, Colorado, Nebraska, Oklahoma, and Texas, I saw grasshoppers and another insect, (I don't know what kind of other insect – I was unfamiliar with it) eating the heads /kernels of wheat and barley off the bare stalks, devouring the entirety of the wheat and barley harvest. It happened just before harvest time, leaving only short stubble. I saw weevils

eating alfalfa hay throughout Colorado and Texas down to the ground. I saw in the mid-west states of Iowa, Ohio, and parts of Missouri, corn standing in mud and water, being ruined by flooding, with rot and mold on the corn ears. I saw freezes and frosts in Georgia and Florida damaging most of the fruit and citrus crops. In California I saw even more severe drought conditions (the ground was actually cracking and breaking) to the point that many farmers didn't bother to even plant new vegetable crops knowing they hadn't enough irrigation water to bring their crops to harvest. G-d showed me trouble in transporting food, and food wasn't able to be trucked throughout the US as it should have been. People were in a state of panic. Many people were stealing what food they could find. People began hoarding and hiding food. Many people were stealing food from their neighbors, strangers, and even their own family members just to find something to eat. I saw these things happening during each crops' growing cycle for a period of about a two years. The losses were intense and there were severe shortages. After two years America was in a very severe famine. When this two year period of crop failures and shortages begins, how long will the severe famine last? I wasn't shown the exact length of time, but the actual severe famine where all food was extremely scarce, was longer than a year. Many people in America will starve during the time of the severe famine. G-d showed me a lack of clean safe water to drink will also be a serious issue that will cause diseases that once were eradicated in the US, and thought to be a thing of the past, will again surface in America. Rich, poor, and the middle class will all be affected. Every state in the US will eventually be affected. Our children and grandchildren will suffer. This was very hard for me to look at, but the Lord wanted to show me the suffering and dying children so that I can warn their parents and grandparents to repent, seek the Lord, and draw close to Him for His protection, and His instruction on how to prepare your households. The judgment of G-d that He showed me that is coming to America is horrifying, and it is beyond what our country or its people have ever before experienced. The Lord showed me people will be walking, almost in a daze, and shock, because they are so traumatized. I remember seeing on TV back on 9/11 the expressions of the people in NYC by the Twin Towers, and noticing their facial expressions of trauma and shock. The Lord has been showing me many people will be walking along roads and highways with that same expression of daze, traumatization, and shock. The people that I saw walking wore all types of clothing and were walking together. There were very well dressed people in expensive business attire, and suits, walking beside people with old, inexpensive clothing that was dirty with frays and holes in their clothes. Whatever the reason was, I wasn't shown, but they were walking together in both large and small groups, and they were dressed very differently. My understanding is that there was an event or multiple events, that did not allow people to go home, and they had to ban together to try to walk away from the event to try to find safety, away from their homes, and away from their jobs. Many will be homeless with nowhere to go, and will just be walking hoping to find food, water, and shelter. The Lord showed me that many people in America in the future will be affected by trauma and shock, and simply be incapable of understanding what is happening. I heard cries, screams, and whimpering of people so overwhelmed and frightened they simply were frozen and unable to function. It will not be just one event. It will be multiple events including weather extremes in multiple areas, natural disasters, many fires from lightning, accidents, natural disasters, and arson. I saw cities throughout the US on fire. I saw many areas and resorts in the Rocky Mountains, especially Colorado on fire. I saw extreme poverty, crime, fear, violence, and unrest like our nation has never seen before. The riots, looting, and theft that we have seen in the past on TV news will seem mild to what will be in the future. People will feel like they

have nothing to lose because they are so desperate, scared, hungry, and angry. Anger, rage, violence, and fear will be throughout our country. The viciousness and violence of mobs of people that I saw is hard for me to even put into words. It was like they had no conscience. It was like wounded wild animalistic behavior. It will be unsafe, both in American cities, as well as in our picturesque countrysides. There will be giant holes torn into the earth. I don't know if they were caused by earth quakes or sink holes, or something else, but I saw great holes in the earth's crust throughout the US. Martial law will be put into effect, and chaos will be throughout our nation. Even those who are rooted in scripture and following close to our Savior will be dramatically affected by events. Our nation's elderly, ill, children, and our handicapped will suffer greatly. The weather elements will be extreme throughout the US. The cold weather will be colder than normal. The hot weather will be dangerously hot. Record winds, record tornados, record rains and flooding, and record hail will affect not only our safety, but will dramatically affect our crops and livestock. The record wild weather will occur from coast to coast, and from north to south. I saw mountains of mudslides taking out homes, and everything in its path. I saw all types of weather, during the different seasons of the year. All these weather catastrophes were physically difficult to live under the harsh conditions that we are not used to. I saw an area of the south, or southwest, (I think Arizona) where the heat was so extreme, it was dangerous, and there was no air conditioning. People were suffering greatly with heat exhaustion, heart attacks, and strokes. I've been shown that Oklahoma will be shaken increasingly in the future by earthquakes. Geographical areas in the United States that were once considered very safe, picturesque middle America, will no longer be safe from the extreme elements, and unpredictable weather. Weather elements will be painful to our bodies, and the extreme weather will be something that will affect every American. People's bodies will hurt due to extremes in weather. The summer sun will feel hotter. I saw skin damages to people and an increase in skin cancer in the American population. The winter wind will sting our skin. Many people will freeze to death in terrible surprise winter storms. Many American people will die due to extremely harsh weather and the elements. Much livestock will lay dead due to extremes in our weather. I saw cattle in N. and S. Dakota, and Nebraska lying dead in pastures from violent storms. Pets will become a burden, as we will have trouble feeding and caring for ourselves, and we will not have the extra resources to care for our pets. Many American pets will die, some by starvation, but some will be eaten by their owners, due to the dire coming famine.

G-d is instructing me to warn that in the near future, hardware and supply items will be hard and sometimes impossible to obtain. If your home needs repairs from the elements, do not put off those repairs. Sleeping bags, winter clothing, anything to protect your bodies from the elements will be good to have now, and not to wait until His judgments hit, or these items may not be available to purchase. Whether you live in the city or the countryside, clean water will be a must. G-d impressed on me more than once to warn His people to invest in a water purification system that is both usable in your home, and portable to take with you.

Our lives in America will change forever. But Yeshua , (Jesus) is our only hope. He will sustain those who reside in the shadow of His wing. (Psalm 17:8) We need Him, and we will need those who have not fallen folly to deceiving spirits, and doctrines of divination. We will need those brothers and sisters who are also closely listening to and following Him and His instruction, and who have prepared themselves, their

hearts, and their emotions to what He is showing many in His remnant what will soon begin to happen. It will be a time like our nation has never had before, and it will come in strong terrible waves. We will not recover from one devastation and disaster, before another will occur. Not all events will occur at the same time, but one calamity after another, after another, after another will occur. There will be overwhelming chains of events. All of this must happen, and none of it takes our loving Father by surprise. He will never leave or forsake us. G-d brought me to Psalm 44:6-7. "For I will not trust in my bow, neither shall my sword save me. But thou hast saved us from our enemies, and hast put them to shame that hated us." Our Father will protect those who heed His warning, obey His holy word, and follow His instructions to prepare for His glory. My husband and I are daily praying the entire chapter of Psalm 91 over each other, and our loved ones. El Shaddiah will comfort and protect us. He is our refuge in times of trouble. Call on Him and He will answer you and show you great and mighty things that you do not know. For those who know Him, and are obedient to Him, He will sustain and protect through this time of His judgment. He is watching who will hear and obey His instruction. Repent Saints, Repent!

Prepare for war. The winds of war are beginning to blow. I heard the sounds of war coming to our land. War is coming to America. G-d did not show me other wars in other areas of the world that are prophetically spoken of in scripture that are yet to come. He only showed me war coming to the land of the United States. Two kinds of war will soon come to America. One will be an internal war. Americans will be fighting and killing Americans. There will be distrust, anger, and hatred among Americans. The other will be a war from strange and foreign lands (more than one country involved) that will come to our soil. Our nation will be unprepared for either the internal or the war from foreign countries. When the external war comes to America, we will be in such a weakened state, from natural disasters, famine, and our own internal war, that our enemies will not fear us. Some in America will almost welcome being taken hostage by foreign troops, and many will view our foreign enemies' invasion, almost as a rescue. But do not be deceived that any foreign enemies invading the US will have your safety or rescue in mind. These invading enemies will be ruthless and without conscience. Some Americans will resist, and fight the foreign invaders as best as they can. The internal war will take place first. Mobs of people will roam, rob, brutalize, murder, and set fires. The hatred and rage of these roving mobs are beyond human explanation, they are demonic, with intense hatred.

During all of this chaos – there will be a great falling away within the church. Many Christians who have believed that America will be great again will blame G-d, blame other believers, and blame everyone around. Yet they won't take responsibility for their own disobedience and sin, and their allowing themselves to stray away from G-d's holy word, and falling into deception and rebellion. Few will repent, but thankfully, there will be some who repent, and be saved, and who will join G-d's endtime remnant church. For those souls, we give great thanks to our merciful G-d. But most will be caught unaware and those who did not see disaster coming will be angry with G-d. Read the sobering words of Amos 9:10– "All the sinners among my people will die by the sword, all those who say, Disaster will not overtake or meet us." There is such a strong and sobering lesson to be learned in this scripture. Repent America! Wake up America!

There is a growing spirit of competition between congregants in American churches. G-d has shown me many Christians in leadership are pressing hard and are inwardly desperate to be noticed and to be

recognized in the limelight of their congregations. G-d showed me many American Christian leaders have felt robbed, and felt like they were being held back by G-d in the background, and feeling unnoticed and unappreciated by others. Their resentment has grown into a spiritual cyst. This has already started, but will intensify and get much worse. Many of G-d's spiritually asleep people in leadership have grown impatient with G-d, expecting G-d to promote them higher and higher, and now they are weary waiting on G-d and they are promoting themselves within the sleeping and apostate church. This is one of the reasons for so many false prophecies of good times ahead for America. It causes those giving the false prophecies to be liked, admired, respected, and esteemed by others, sought after, and to become popular, and noticed. But when G-d's judgments to America arrive, the many who were led astray and deceived by these self promoting church leaders, will then become angry with these same church leaders, for not warning them, and equipping them spiritually to repent and prepare. The people in the sleeping churches will blame and accuse church leaders who had the "feel good" doctrines of putting them in the misery that they are feeling from G-d's judgements. There will be hatred in many American churches toward each other. "And many false prophets shall rise, and shall deceive many. And because iniquity shall abound, the love of many shall wax cold." (Matthew 24:11-12. Many Christians now are using their spiritual gifts from G-d as a way to promote themselves through ministry. Many of G-d's children are seeking the attention and adoration of others, rather than of Him. For many, their beautiful gifts from G-d have become idols that they treasure more than their relationship with G-d himself. I saw and heard blaming, accusations, and hatred for each other that will arise within the apostate, sleeping American churches. I saw some, but very few, with accountability, repentance, and change. G-d is telling me to warn anyone who has ears to hear, of what is coming. His desire is for you to come to Him in repentance, so He can spiritually forgive you, restore you, and prepare you for what is coming. Repent – change your ways. Heed His warnings. G-d wants you to desire a loving and close relationship with Him, not to desire being sought after, noticed, and revered by others.

The apostate and sleeping church has already begun and will continue to hate, resent, pursue, despise, chastise, and persecute the remnant of G-d, and G-d's true prophets. The apostate and sleeping church will gain strength over the remnant of G-d for some time. (John 15:18) The true remnant of G-d will be publically rebuked, challenged, corrected, threatened, shamed, and some even jailed by the apostate and spiritually blind pastors, preachers, and leaders, in an effort to silence G-d's warnings to His people. But remain faithful to G-d and His word. Matthew 24:13 teaches, "But he that shall endure unto the end, the same shall be saved." Lawlessness will be rampant in the American apostate and sleeping churches. But there will be such a purification of the remnant, and there will be a powerful and true revival of believers added to the remnant during these terrible times. Many in the remnant will have to live as the first century church did – in hiding. And yet, the purification of the remnant by G-d will be magnificent. Meeting places to gather together will become secretive for many of G-d's true remnant due to the coming persecution, from not only non believers, but mainly the American apostate and spiritually blind and deaf church. Soon, it will not be safe to gather in public buildings or churches to worship our Father in spirit and in truth. G-d's law will be openly dismissed as, "Narrow minded, divisive, outdated, wrong, misguided." The Lord showed me many American Christians' hearts will harden, and

they will turn on other Christians, because their faith was not rooted in holy scripture, but was rooted in false doctrine and the “other” Yeshua (Jesus). Matthew 7:22-23, II Corinthians 11:3-5.)

G-d showed me He will call many of His people to form an underground train, to aid American Jews being persecuted, and to provide a network of underground travel, safety, and aid for Jews living in the United States. Anti-Semitism will be throughout our land. But through all of the judgment from G-d on America, His remnant will grow and their garment stains will be made without spot and wrinkle through persecution, testing, and trials. Be careful, not to grow weary. G-d will help and sustain all of us who trust and rely on Him. “But he that shall endure unto the end, the same shall be saved.” Matthew 24:13.

G-d showed me that in the near future anyone helping a Jew in America will be in danger, just as it was in Europe in WWII. G-d will help those in America who help the American Jews who didn't make it back to Israel for Aliyah. American has the largest population of Jews in the world. Most American Jews live on the east coast. Recently there was an estimated 6.8M Jews living in America, and 6.2M Jews living in Israel. Jews from all over the world have been going home to Israel taking part in Aliyah. But only a small percentage of American Jews have returned to Israel, because life in the US is so good. But very soon that will change for American Jews, and they will no longer be safe in the US. G-d has shown me many American Jews will be forced to go into hiding due to the growing and violent anti Semitism and hatred for the Jewish people that will build and spread throughout the US. G-d showed me at some point it will be difficult for Jews to get out of the US, just as it was difficult for Jews to leave Europe during WWII. People of G-d, the Lord is telling me to tell you to supply your homes with supplies not only for yourselves and your family, but to share with others that G-d brings to you, including Jews that He will ask you to house and care for in the troubling days ahead.

G-d showed me that people who try to hold on to “things” and worldly possessions will be in great danger in the days to come. The only thing to hold on tightly to is the Word of G-d, our faith in G-d, and each other. Remember Lot's wife (Luke 17:32). Lot's wife was in the safety of G-d's protection. She was among the remnant of that time being delivered from G-d's judgement of Sodom and Gomorrah. But her heart wasn't prepared. She longed for her former way of life, rather than being thankful for G-d's deliverance. She looked back with longing, rather than looking forward with thankfulness. (Genesis 19:26) Saints, don't look back at what America once was. Look forward to what G-d is doing now (Isaiah 43:19) in setting up deliverance for His children that are obedient and who are listening to His instruction for what is coming to America. Each of us have a purpose and a place to help and serve others in the days to come. Go to your Father, and ask Him what is it that He has for you to do to serve and help others in the perilous days ahead. Much of our spiritual and physical preparation will be in obedience to Him to help others.

G-d showed and instructed me to warn His people on our spending and that we are to carefully watch and be good stewards of our finances, and try to pay off as much debt as possible before chaos comes. Proverbs 21:20, “There is treasure to be desired and oil in the dwelling of the wise, but a foolish man spendeth it up.” G-d did show me that those with debt in the future will be prisoners of their debt (Proverbs 22:7). Get out of debt as best you can. Change and teach your children and grandchildren to change their spending habits. Interest rates are going to go up, and Americans are not ready to face the

out of control inflation that is coming soon. Debt will mean slavery to the world system in the future. G-d has shown me that it is very important for all of us to pay off as much of our debt as possible and for all of us to seek Him in how to become financially wise and to do it NOW.

We are in a time, just like before WWII, when the prophets of G-d walked Europe and warned the Jews (G-d's chosen people) of Europe to prepare and/or to flee Europe before the coming Holocaust. I personally have had the privilege many years ago (almost 26 years ago) to meet an older woman whose Polish Jewish parents, when she was a child, heeded the warnings of one of G-d's prophets walking Europe, who had come with a warning from G-d to their Polish village. (Zachariah 1:10 – "...These are they whom the Lord hath sent to walk to and fro through the earth.) I believe G-d has angels as well as His prophets delivering His warnings to His people. This Polish woman's parents heard the words of a warning from the Lord, through G-d's prophet, and they sold all they had and they came to America to seek safety, during a time of peace, safety, and financial abundance in Europe. Their wealthy family opposed them and argued with and criticized them of being fearful, of living in fear, and being gullible for believing that G-d would allow such a horror to occur when they were living in such peace, comfort, and financial prosperity. Her parents were pressured by their parents not to take her and her brother away from their family in Poland. When the Holocaust actually happened, in spite of all of their efforts to save their family and to help their family to escape from Europe, their entire family that hadn't heeded the warning of G-d's unknown prophet all died horrifying deaths in the Polish death camps. There is a valuable lesson to be learned from this true account. We hear little about G-d's prophets walking Europe during a time of ease, and peace, and prosperity, warning the Jews of the horrors that were coming. G-d does nothing without revealing His plan to His prophets. Amos 3:7 says, "Surely the Lord God will do nothing, but He revealeth His secret unto His servants the prophets." We hear even less about the belittlement, mocking, and contempt these prophets of G-d were shown by both Jews and Christians for their "doom and gloom prophesies and warnings from G-d." How is that different from the way most American Christians react today to G-d's prophets warning of the impending judgment from G-d to America? Today American Christians seem to only want to hear from the pulpit or from the prophets about more blessings, more miracles, more comfortable lifestyles, and more success and financial prosperity. When warnings from G-d are publically prophesied today in America, those whom G-d has chosen to use seem too often to become outcasts, viewed as problems, despised, and even cursed. They are mocked, admonished, and called "fear mongers and judgmental", "prophets of doom", "anti-social", "mentally ill", and "hatefilled". G-d's obedient prophets are being discredited, and maligned by the sleeping and apostate American churches, and their pastors, preachers, leaders, and fellow believers who do not want to hear the truth and the warnings of G-d to repent and draw close to Him. (Psalms 105:15) True prophets that call the body of Christ into repentance simply are not received by the majority of American Christians. Amos 5:10 states, "They hate him that rebuketh in the gate, and they abhor him that speaketh uprightly."

Friends, unless you are 100% sure that G-d is the one who is pressing you to follow anything, don't follow your fleshly feelings or desires. We are seeing more and more Christians following their own desires and interests, who have been deceived that it's G-d's will, and not just their own fleshly desire. Test the spirits as scripture instructs. (I John 4:1) Few of G-d's people in America are using this time as a

time of deep spiritual introspection, allowing and asking the Holy Spirit to inspect us and to ferret out our hidden sins, so that we might be found without spot or wrinkle. Few in the Body of Messiah are preparing their hearts and emotions for the judgment of G-d coming soon to America, that His word tells and teaches us will occur in these last days. Don't be deceived that just because you believe in Yeshua (Jesus), that you can avoid G-d's judgments on our nation. As believers we are promised that we will not be judged by G-d on Judgment Day. Do not confuse Judgment Day with G-d's judging America for its sin. Judgment begins in the house of G-d. (I Peter 4:17)

Few in the body of Messiah are using portions of their finances to invest in helping our brothers and sisters in Messiah, who are living in the Middle East, and in Africa, who each day are being martyred by being beheaded, tortured, maimed, murdered, and having their children kidnapped and sold into sexual slavery because of their commitment and belief and their faith in our awesome G-d, and his only begotten son Yeshua (Jesus) who died on the cross for our sins. Read Matthew 25:31-46 and see how it applies to the apathy that American Christians as a whole regard our abused and martyred brothers and sisters in other countries. G-d is giving a warning to His people in America to not turn a blind eye to suffering believers in other countries. Help them as you can. G-d sees and gives credit for your prayers and even small donations to help His children who are being martyred for their faith. At this time in history we are seeing Christian martyrs murdered in masses in other countries as we idly plan our own agendas. Instead of our taking up our cross to defend and help them financially or in any way possible, we are for the most part turning a blind eye and singing, "G-d Bless America." How are we any different from the Christians in Europe who turned a blind eye to the horrors of what happened to Jews and others in the Holocaust death camps? How do we account for our extreme pride and arrogance in thinking that the atrocities happening to Christians in other parts of the world, which we put out of our mind, and refuse to think about, can't happen to American Christians living in the United States? Are we so blind and naïve to think that the terror that our brothers and sisters are faced with in other countries will not come to the United States? We've only seen a taste of terror here in America, which our brothers and sisters in Messiah in other parts of the world live with on a daily basis. G-d has shown me that even believers who have heard and heeded G-d's warning will be astonished at the magnitude of what will happen in America in the days ahead. It will come quickly to America. Most Americans, including many, many Christians, will be caught off guard. Soon we will face atrocities and hardships as never before any of us have seen, except as the spirit as G-d has allowed us to see for the purpose to warn others. I've seen Christians turn on other Christians because their faith was not rooted in holy scripture, but was rooted in false doctrine and the "other" Yeshua, (Jesus). (Matthew 7:22-23, II Corinthians 11:3-5.)

G-d showed me that in the days to come in American churches there will be many false miracles and false healings that will deceive many. This has actually already started, but it will increase soon at a very fast and rapid pace. When chaos abounds, people will be looking for miracles, and the enemy will be waiting and ready to perform false miracles and false healings to deceive many. Many will be deceived because the miracles from the enemy will be so great. People will chase miracles, great signs and wonders, rather than chasing G-d and His love and truth. Friends, DO NOT follow any miracles. Follow only the word of G-d! Test the spirits according to scripture. (I John 4:1) BEWARE! The miracles that will

be in the apostate and sleeping Church will be so amazing that Matthew 24:24 will be manifest in the apostate churches throughout the United States. The deception will be so great that, "For there shall arise false Christs, and false prophets, and shall shew great signs and wonders; insomuch that, if it were possible, they shall deceive the very elect." Matthew 24:24. We cannot hear His voice, and be fruitful in His purpose (not our own), when the cares of this world, the deceitfulness of riches, and the lusts/desires for other things distract us, and choke out His word, and His truth. (Mark 4:19) BEWARE!

In closing, this warning from G-d to His American remnant is a strong and hard to write warning. I did not want to write it. I do not want to share it. But I will be obedient to share it with whom the Lord shows me to share it. Repent! Repent! Repent! Prepare! Prepare! Prepare! The hand of G-d's judgment is coming to America and it will affect ALL of us. Be ready, be vigilant. G-d has shown me the mocking, deluded, and asleep Christians, who accuse the obedient of G-d for preparing their hearts and their homes for what is ahead, will soon be in terror when G-d's hand of judgment strikes America. It was hard to see and hard to hear, as nothing that I saw coming to America will be easy for anyone, not even His remnant. And yet, I know it is all accurate of what will shortly occur. I thank G-d for His loving kindness to sound the alarm and give the warning, so that we can prepare ourselves spiritually first, and then as he shows us what to do with our households and finances. Look to G-d as your refuge. Be obedient to Him NOW, before His judgment strikes America. It's my prayer that each person seek G-d with an attitude of true and continual repentance like never before. Repent of looking for America to become great again. Time is short, very short, before our American way of life changes forever. Don't let it catch you unaware. Desire Him, not the deceitful riches of American life (Remember Lot's wife). Heed this warning from G-d to get your spiritual, financial, and physical house in order. Humble yourselves, repent, change your ways to G-d's ways, and prepare for the soon coming judgment of G-d on America. May G-d's merciful and loving kindness of protection keep you in the shadow of His wing. Amen!

A warning of truth to His American remnant from Avinu Malkeinu (Our Father Our King), in the name of Yeshua (Jesus) our Messiah and our soon coming King of Kings, and Lord of Lords - The Lion of Judah.

Shalom,

Sonja Craighead
