

you know you guys think you have all the water in the world, but you're going to find out that you don't have all the water you are going to need because there is going to come something that will happen to your water that will make it undrinkable. They do have so much more water than we do. Something is going to happen. Most of the lakes and the aquifers, there is an element of poison or something that is getting into those and they are finding out that the amount of water that they had to drink is dramatically diminishing." Evacuations Because Of Lack Of Water (California, Nevada, Arizona???) Comment by Meranda) *"You're going to get famine because there's going to be pestilence. You're going to get birds migrating to different areas, drought. There will be cities that will have to be evacuated. Not the entire city, But thousands and thousands of people will be leaving some cities in the United States because there would not be enough water in order for them to live there."* [Found here](#)

Water Is More Expensive Than Oil *"Some of the things I saw that were going to be coming or were quite shaking. And one of them was the issue of drought and the issue of water becoming very, very expensive, and at some point in the future, there will be cities that water from tap, right from your kitchen faucet will be more expensive than oil is. So it's not like talking about going to the store and buying a gallon of water. We're talking about water that's normally fairly inexpensive becoming very expensive. In fact, some of the things that I saw was there would be various cities in the United States that would have to evacuate thousands of people because there wasn't enough water in the reservoirs and in the aquifers that they get the water from, to get water to all the people"* [Found here](#)

Pandemic With Sores on The Skin – *"There is coming another pandemic. It's not the day after tomorrow but it is coming. And this one is a serious one. This pandemic—the problem is that, the first one that was coming wasn't going to be that major and that people would kind of make light of the next one. / But the next one is not going to be that light. The next one is going to be a very stunning issue and there is going to be a lot of people—I didn't see but in a way it looked like a chickenpox type of thing again or like a smallpox type of thing again, where there are sores on the skin that take place. I'm not a doctor, so I don't know what to call that. I don't know what the symptoms might be called, but there were sores on the skin that erupted because of this issue."* [Found here](#)

Water VERY Expensive – Jesus Will Make It Rain In One City, And Not Another *"There will be droughts in some areas and water will become more expensive than oil and some cities will evacuate thousands because there is not enough water to meet their needs and Jesus will make rain in one city and no rain on another city. In addition, drought and devastation from storms will dramatically cut into various harvests, and national food storage will deplete."* [Found here](#)

Christians Are Going To Be Given Business Ideas— *“We’re going to see leaders arise in the midst of turmoil. We’re going to see people with ideas that meet the needs of people in the midst the turmoil. We’re going to see people with innovations that meet and facilitate the delivery systems, and systemization of things. And these will be the believers that God shows his secrets to. It’s found in Psalms 25:14. “The secret of the Lord is with those who fear Him.” Now what is the secret of the Lord? It’s anything that God hasn’t revealed. Meaning, how do you do this? What is the secret to DNA? What is the secret to this particular type of healing process? What is the secret to various things? And you’re going to have people being given secrets from the Lord, because He’s going to keep his covenant with them”.* [Found here](#)

The President Of Egypt Would Be Removed- “ANOTHER THING THAT THE LORD SHOWED ME AND THIS IS ALL IN WRITING AND ON DVD. ET CETERA, AND THAT IS THAT THE PRESIDENT OF EGYPT WILL BE REMOVED FROM EGYPT AND THAT SHORTLY AFTER THAT HE WOULD PASS AWAY AND WHEN THAT HAPPENED, HIS PASSING WOULD EARMARK A SUDDEN SHIFT IN EGYPT FROM BEING AN ALLY OF THE UNITED STATES, SO TO SPEAK. TO SHIFT AND BECOME MORE OF A TERRORIST STATE. SO THAT WAS THREE YEARS AGO. SO HE WAS IN OFFICE AND LAST FALL AND SUDDENLY THIS SHIFT BEGAN TO HAPPEN IN THE ARAB COMMUNITY. DO YOU KNOW WHY THAT IS UNUSUAL? FIRST OF ALL, HE HAD BEEN IN OFFICE FOR LIKE 30 YEARS OR SOMETHING LIKE THAT. THERE WERE NO SIGNS OF TROUBLE AND HE WAS SUPPORTED BY AMERICA. WITH HIM HAVING THE SUPPORT OF AMERICA AND HE HAD SUCH FIRM CONTROL OVER THAT COUNTRY, THERE’S NO WAY SOMEBODY IS GOING TO THINK, YES, THAT’S GOING TO HAPPEN. THAT WAS NOT A VERY LIKELY THING TO HAPPEN.” [Found here](#)

Iran Will Be Hit By Israel, Judah Comes To Know Their Messiah *“Israel and Iran are going to have a conflict. There will be explosions that take place in Iran and also in Israel to some degree. But Iran will be hit. It’s gonna be hit by Israel. I’m not sure if anybody is going to join with them, but I do know that Israel is going to be a proponent of that. I know that from that Israel will not be expected to survive it, but they will, and it’s going to be miraculous. Again, God is going to show His hand of protection and His hand of provision for this incredible nation that He has chosen to speak messages into His kingdom and to advance His kingdom. They’re going to return, people are going to return. And if you’re watching there are so many people. My great-grandfather was Jewish and my grandfather was Jewish, and they came to know the Messiah. And I know that what happens when that takes place lives change, thought processes change, supernatural events begin to occur again, and you’re going to see supernatural events occur. We Jewish believers are going to infect the congregation, the church and we’re going to,*

they're supposed, the gentiles provoke the Jew to jealousy. These Jewish believers will be like Paul the Apostle, like a forerunner of the 144,000. It says the Word of Lord will go from Zion. I believe that's about ready to happen." Sid Roth Interview [Here](#)

THERE WILL BE STORMS WITH SUCH SEVERITY OR WIND VELOCITY THAT THEY WOULDN'T HAVE THE CATEGORIES THAT THEY WOULD HAVE FOR TORNADOES AND/OR HURRICANES. HE SHOWED ME THE THINGS THAT WILL HAPPEN BECAUSE WHEN PEOPLE TAKE THEIR EYES OFF OF GOD, IT HOLDS ALL THINGS IN PLACE AND IT HOLDS THINGS IN ORDER. WHEN THEY TRUST IN SOMEONE OTHER THAN GOD, THEY GET THE RESULTS OF THE GOD OF THIS WORLD. RAIN, UNRELENTING RAIN AND THAT HAPPENED." [Daystar TV Seen here](#)

IT HAPPENED BECAUSE THE REAL ESTATE BUBBLE IN HONG KONG AND IN SHANGHAI AND IN BEIJING AND OTHER PLACES IN CHINA, THE REAL ESTATE BUBBLE BURST. AND WHEN THE REAL ESTATE

BUBBLE BURSTS, THAT WILL BE A SIGN THAT THEY ARE GOING TO START AGGRESSIVELY TRYING TO TAKE THE DOLLAR DOWN.” [Found here](#)

The Future Of Ministry “I see that the old will gravitate to the old and the new gravitate to the new. So, you will have a conflict take place. While the old has a positional model it will have a people model of authority with favor given by the people. Very much like Saul and David. You will have the Saul’s try to hunt down the David’s. Until we come to a place where that God will have to clean up all 5 levels of ministries. We have to elevate from an Acts level of ministry to an Ephesians level of ministry. So, we are going to have apostles that are more interested in the building the body of Christ instead of building a network. Have prophets admit they were wrong to the degree of their favor. We are going to have teachers’ that say throw your tapes/cds out because I taught you wrong and here’s the truth of the matter. We are going to have to have pastors’ that are more interested in their people than their anointing and persona. We are going to have to have evangelists that are more interested in winning souls to the Lord than how much money they are going to receive from the churches they visit. I can see God saying what I’m feeling, too. You lose the need for personality and gain the need for presence. When you have the presence of God the people will come. In the process, of all that you are going to have to have men and women who are willing to be martyrs in the field. Not necessarily martyrs in blood, but will almost be martyred in ministry because of the avalanche of tirade that will come against them.” [Found here](#)

These are from notes that I took while listening to John Paul Jackson's DVD entitled "The Perfect Storm", and while listening to John Paul on the Sid Roth show. John Paul is a seer of seers, and these alarming prophecies will surely take place. John Paul said that these things will come to pass within the next 10 years, and he first gave these prophecies in August of 2008, and much of it has already started to come to pass. This is not a time for fear, but of planning, and repentance and seeking the face of the Lord.

Many of the things that John Paul spoke of are as follows:

Social security and retirement plans would be worth little. Had it not been for abortions, there would be 30 million more people at wage earning age giving in to the Social Security system. The dollar will fall to about the same price as the Mexican Peso and the Canadian dollar. The Amero-Dollar is coming as a new currency. President Obama sees himself as a kind of a do-good saviour, however, there will be economic policies that will be passed that will hurt this country. There will be a dirty bomb that will go off in at least one major city. A coastal city where a dirty bomb will explode has tunnels, and John Paul saw them flooded. Also there would be bombs left in crowded places that would be detonated by radical Islamics. Many malls will be more than half empty, the buildings unrented, the owners unable to pay the mortgage. There will be some malls that will actually be used as shelters for the homeless. Mortgage defaults and credit card debt and commercial paper dominoes were yet to fall. Real estate in the rural areas would be worth much more, in that everyone would want to get out of the city. John Paul saw thousands leaving the cities. There will be drought in some areas of our country that will cause the price of water to be higher than the price of oil in one or two big cities. There will be a national food shortage, caused partially by drought, but also by failure of genetically altered hybrid crops to come to maturity. Some food trucks will have to be guarded to avoid robbery. He saw an unused backhoe being used to tear up an asphalt street in the city in order to grow food. There will be an assassination attempt on our president by Islam, with the intent of blaming it on racial reasons, in order to cause riots and disruption in the U.S. and take the eye off of what they are doing. We need to keep our president in prayer that this will not happen. The worst riots in the history of the United States will break out, however, they will not be so much racially motivated as, rather, Robin Hood mentality of taking from the rich to give to the poor. There will be a nuclear strike on Israel by Iran, and a retaliation by missile on Iran, causing a lockup of oil thru the Suez canal, exasperated by Russia trying to keep the Middle East tension ongoing, attempting control of the Ukrain, so that the price of oil would go up to benefit Russia financially. Anti-semitism will increase as the price of oil goes up. Pakistan will be catering more so to radical Islamic terrorists, and likewise Egypt also, will have a new leader that will cater to the radicals. "The woes of 2012" is a phrase that John Paul heard several times in prayer and in dreams. Wild jet streams will cause unusual weather, such as a hurricane 500 miles in diameter, tornadoes in places where tornadoes do not usually occur, a tornado with winds of 350 m.p.h., and there will be 24 inches of rain in a 24 hour period, and softball size hail. A volcano will become active in the U.S. There will be an epidemic here and elsewhere, and signs in the sun, moon, and stars. The bubble around our solar system is weakening, which will cause new skin diseases, because large cracks

will form in our magnetic shield, allowing solar winds to wreak havoc with communications and affect weather patterns. There will be communication problems that will be so bad that it will even cause some airplanes to be grounded, unable to communicate with the control tower. A bubble of hope will form economically, but it will be short-lived, but provide some time for Christians to prepare, but don't take on any more debt. Most of our foreign aid to other countries will be cut off. International dictators in Islam will multiply. Islam will attempt to control the government in some large city, maybe Detroit where they will work on the multiplication project, whatever that means. There will be a push for Islamic prayer in schools to be allowed, while forbidding Christian prayer. Islam will attempt to have an Islamic president by 2024. Islam will continue to use threats to intimidate congressional decisions. China will also be somewhat of a threat. Medical advancements and organ transplants will make it possible for homosexual men to be invitro fertilized and give birth by cesarean. Many churches will file bankruptcy as payments on large buildings will not be made. Large ministries will disband for financial difficulty, and home groups will expand. Hidden perversion in the church will be exposed, and the number will be shocking, and not in Catholic churches, but in mainstream churches. (This is the main jist of the bad stuff that will happen, but I suggest you buy the DVD or at least the transcript from John Paul Jackson's website, Streamsministries.)

Many churches, however, will experience the thick glory and grace of God, and many individuals will be strengthened for supernatural exploits. (John Paul speaks more of the good things that will happen in the church, and the things that we, as believers should do, than he does of the bad things. This is not a time for fear. I suggest you buy John Paul's DVD, or at least get a copy of the transcript PDF for a dollar.)
